LOCATION: On Target Utility Services – Portland, Maine Area
POSITION: Electrical Line Workers – 1st and 2nd Class rating
CODE: LW20-11
REPORTS TO: Line Superintendent
SUBMISSION DEADLINE: August 31, 2011

Position Description

This position is responsible for assisting in the construction and maintenance of transmission, distribution and telecommunication lines and related equipment on the ground, on structures and underground.

Essential Functions

- Safely performs all types of line work including, but not limited to, installing and removing poles; climbing transmission and distribution poles/structures; installing and maintaining cross arms, pins, insulators, wires and cables, transformers, cutouts, arrestors and all other line related equipment, either overhead or underground; installing fiber optic cable to utility poles either transmission or distribution and over head or underground locations; and assist in hot line tool work when required.
- Safely works on and around energized lines and equipment in accordance with the company and customers' construction, maintenance and safety standards.
- Uses tools, equipment and instruments of the trade and is proficient in line work methods.
- Is familiar with the distribution and/or transmission plant.
- Works with the public, customers and fellow employees in a courteous, professional and helpful manner.
- Required to work overtime when requested.
- Assumes the responsibility of emergency duty with a minimum of supervision and assists in the training and direction of employees of lower classification.
- Must be able to work a flexible schedule in order to meet customer demands/schedule.
- Prepares records and reports as required, which include but are not limited to time and material reports.
- Performs other duties as assigned by line supervisor.

Knowledge/Education/Skills/Experience

- Must be able to use all types of common hand tools, line worker tools of the trade and line vehicles and equipment.
- Must be a high school graduate or equivalent
- Technical education highly desirable
- Must have at least 30 months or its equivalent in a journeyman line worker progression.
- Must have a valid Class A driver's license, before 2/C written exam is administered.
- Must be able to progress to 1/C line worker.
- Must be able to perform all requirements of 3/C line worker.
- Must have valid various state hoisting licenses, before 2/C written exam is administered.
- Must have a passport and ability to travel to complete projects in Canada
- Is knowledgeable of the company's operation standards, policies, directives and safety instructions pertaining to the work assignments.

Leadership/Teamwork

- Must be able to lead lower rated line workers.
- Must be self-motivated.

Physical Requirements

- Must be able to climb utility poles and work out of an aerial lift devise.
- Must be able to lift 100 lbs. on an occasional basis and up to 50 lbs. on a frequent basis.
- Must be able to stand, walk and work on uneven ground for the full workday.
- Must be able to drive a line truck and/or equipment several hours everyday.
- Must have good eyesight and hearing capabilities.
- Must work outside in all types of weather conditions.
